**Ozone Day
Celebration
Report
Department of
Zoology**

18/09/2018

On 18th September 2018 ozone day had celebrated by the department of zoology in college with B.Sc and B.A students. Although the Ozone day are celebrating on 16th September of every year but due to Sunday this year the ozone day had celebrated on 18th Sep.2018. The theme behind the celebration of this day was to explore the awareness among students for environmental protection and global warming. In a current scenario the global temperature is raising day by day regularly. The whole world are initiating and taking necessary step for the protection of our mother earth by all means scientifically as well as socially. The guest speaker invited for this occasion was **Dr. S.Kumar**, the P.G Incharge Department of Zoology, S.S.S.K.R.Innani College, Karanja Lad. The program was inaugurated by the **Mr. N.A. Thakre** as President of the function with the **Dr. Seema Keswani**, Head, Department of Zoology and Mr. N.A. Thakre and other faculty members.

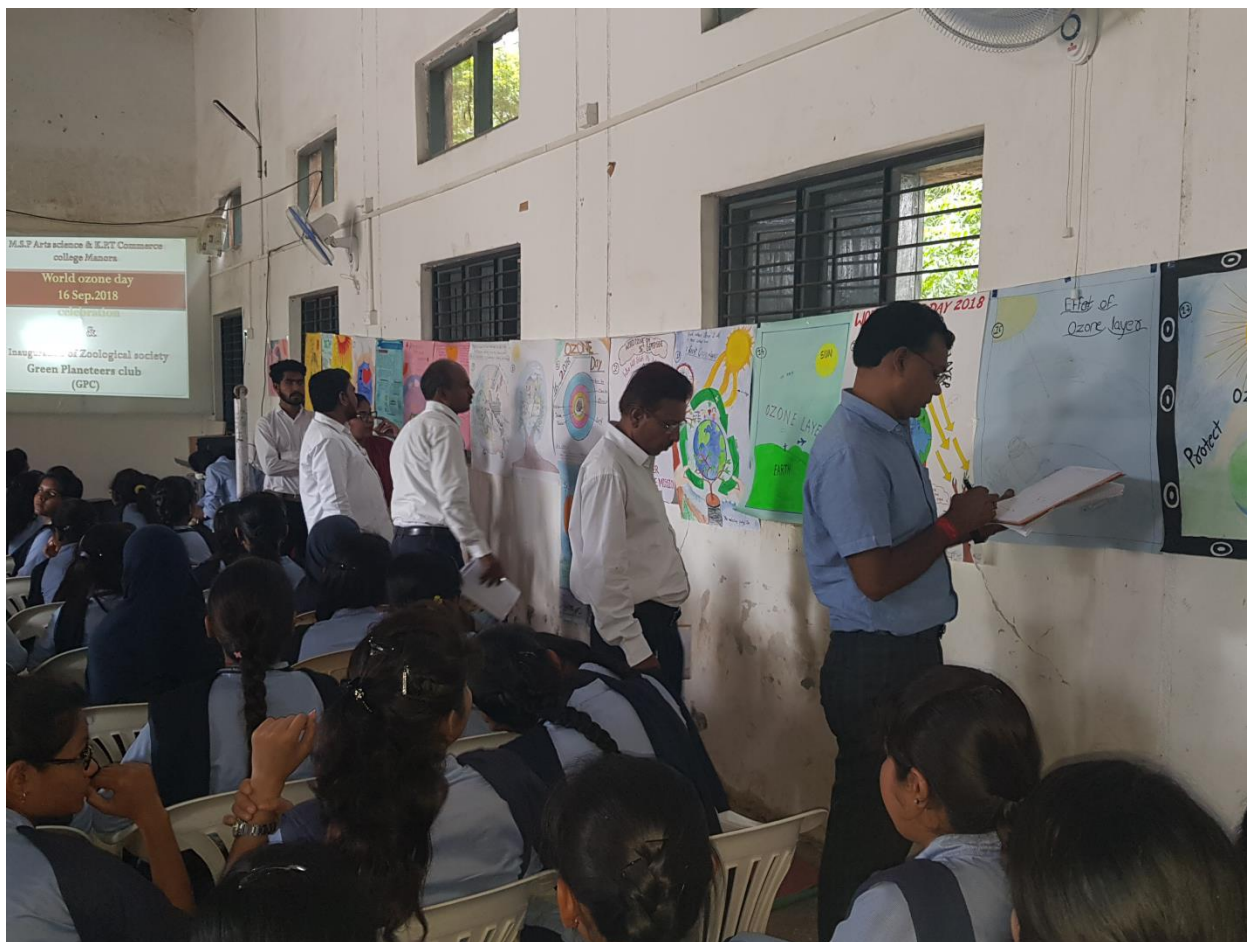

Function inauguration by Keynote speaker along with faculty members

The students were participated in a very discipline way and fine discussion with key speaker in his interactive session about need or compromise to celebrate. The key Speaker shared the idea behind to celebrate such type of days in our life as not any kind of compromise but it's a high need to be aware the negative aspects of speedy development by which we are losing natural healthy environment day by day.

ACTIVITY PERFORMED:

Poster presentation were facilitated, total 63 poster presented by the students of B.Sc & B.A, part one and two. The all poster were screened by evaluating committee, they inspected all performances and finally selected the 5 winners.

Evaluating committee keenly marking the posters of participants

Finally the 5 students were selected for appreciation among 63. The winners are as-

1st – SNEHA GAVALI.

2nd - AAYAZ KHAN

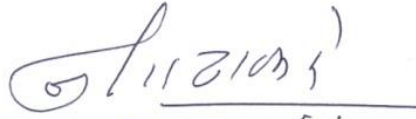

3rd - TRIPTI GANESH CHOUHAN

4th- RAMESHWAR KISHOR RATHOD

5th -SONAL THAKRE.

Finally the program ended in a very effective resolution of planting the more and more trees in our society by awaking the local peoples to protect our mother earth. The students were benefited in terms of aggregation of knowledge about the lives, development and balance of resources and its proper utilization along with future perspectives etc.
