A Brief Report
On
One Day Online Workshop
“Environmental Sustainability”

Introduction

Environmental sustainability is defined as responsible interaction with the environment to avoid depletion or degradation of natural resources and allow for long-term environmental quality. The practice of environmental sustainability helps to ensure that the needs of today's population are met without jeopardizing the ability of future generations to meet their needs.

When we look at the natural environment, we see that it has a rather remarkable ability to rejuvenate itself and sustain its viability. For example, when a tree falls, it decomposes, adding nutrients to the soil. These nutrients help sustain suitable conditions so future saplings can grow.

When nature is left alone, it has a tremendous ability to care for itself. However, when man enters the picture and uses many of the natural resources provided by the environment, things change. Human actions can deplete natural resources, and without the application of environmental sustainability methods, long-term viability can be compromised.

Objectives

To conserve and management of natural resources.

To aware students about importance of Environment and need of its protection.

To improve Biodiversity of local area by Plantation.

To manage Solid waste by reduce, reuse and recycle method.

To aware students about importance of Organic farming.

Importance of medicinal plants and need of their conservation.

Details of Workshop

Organizer: Department of Botany M.S.P. College Manora

Chairperson & Inaugurator: Dr. N.S Thakare, Principal

Organizing Secretary: Dr. M.N. Iqbal, Mr. S.R. Aher and Miss. S. N. Dhawale

No of Participants: 146

Summary

Department of Botany, M.S.P. Arts, Science & K.P.T. Commerce College Manora organized One Day National Level Workshop on **“Environmental Sustainability”** on 24 Oct. 2020. The workshop began on the online platform of Zoom Meetings . Dr N. S. Thakare Principal inaugurated the workshop formally. Dr M. N. Iqbal welcomed Dr N S Thakare by few beautiful welcome words. Dr. N.S. Thakare, Principal welcomed Dr. S.N. Malode the Resource Person of the workshop. Dr. M.N. Iqbal welcomed Dr. Datta A. Dhale, Dr. Prashant Deshmukh and Dr. Kishor B. Theng the Resource Persons and Guest Speakers of the workshop.

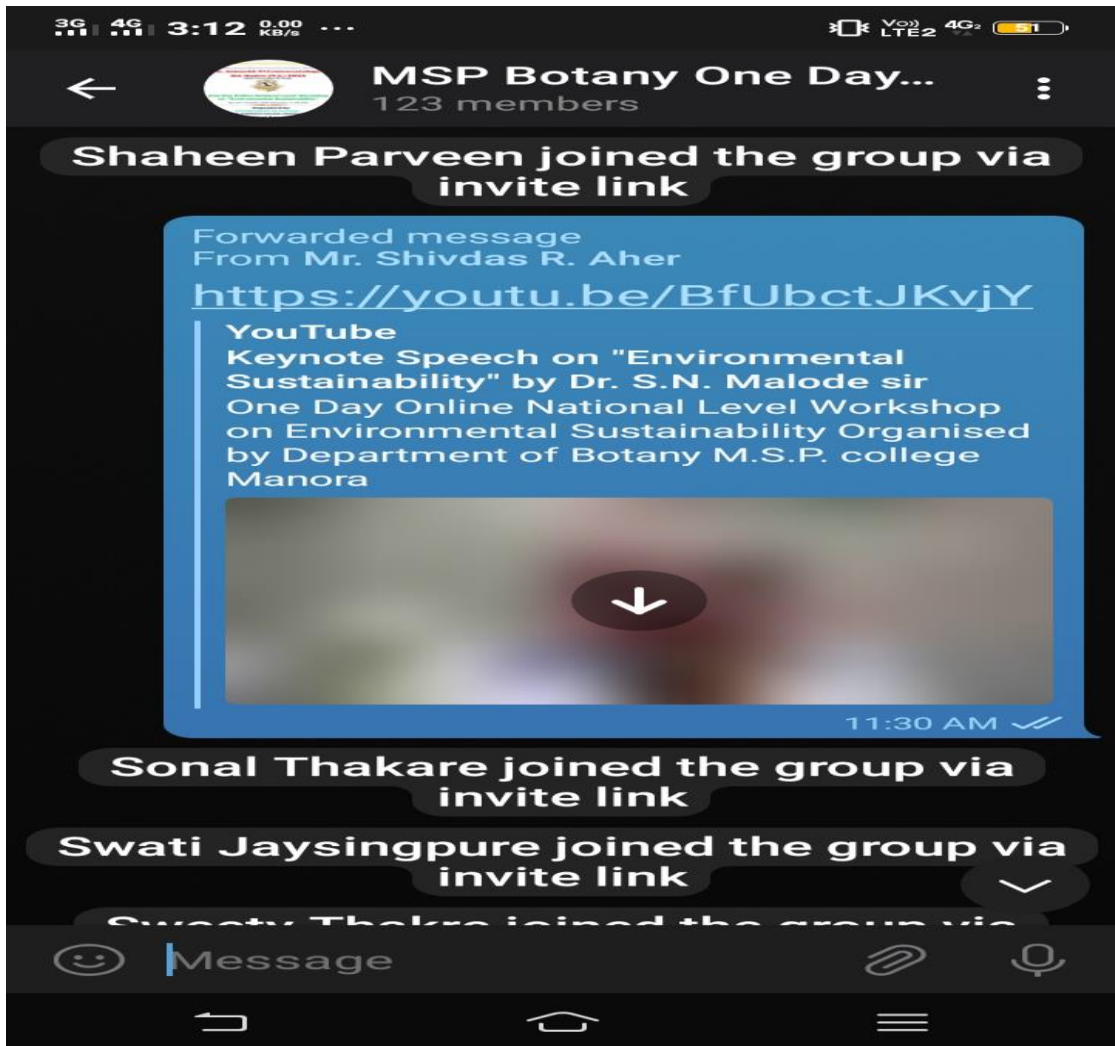

In the inaugural speech Dr N S Thakare admired the endeavor made by the Department Botany and stressed the need of such types of workshops to arouse the interest in students to aware about our environment and its protection and its sustainability for next generations.

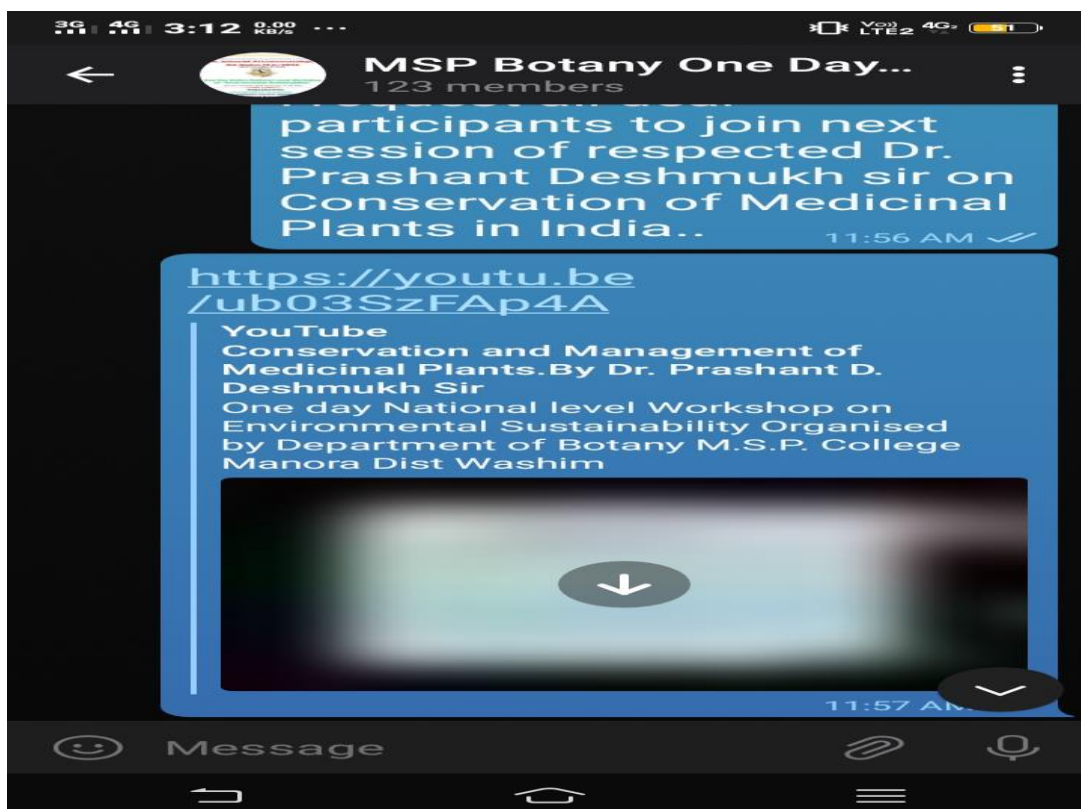

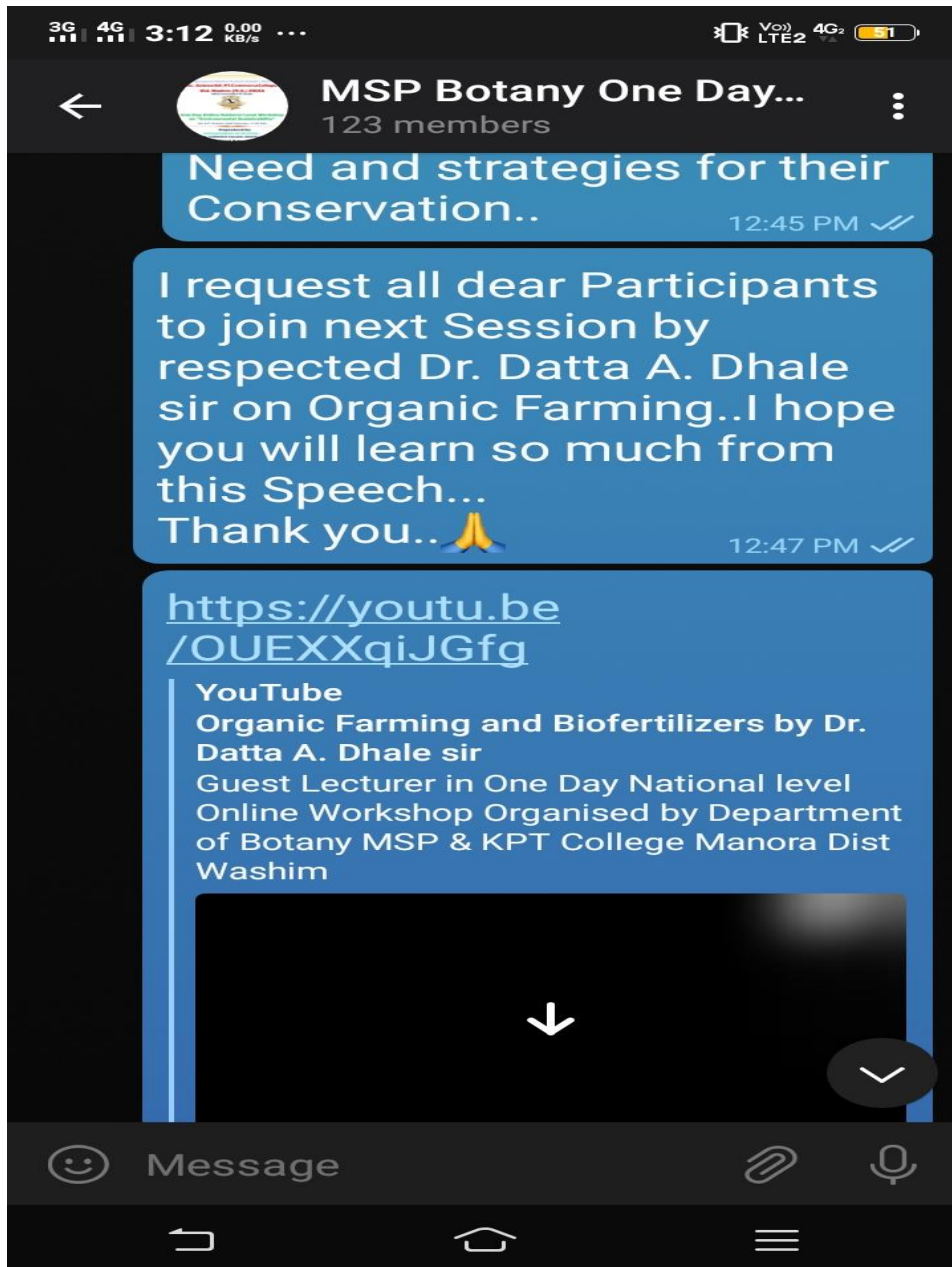

Dr. M.N. Iqbal organizing secretary of workshop gave an introductory remark. Dr. Satish N. Malode sir the Resource Person and Keynote speaker of workshop focused on many shades of Environment. He spoke about the importance and need of protection & conservation of Environment. He also spoke about job opportunities for the Botany students in Forestry.

Students and many Teachers from all the three faculties were present for the workshop. Dr. Satish Malode sir after finishing his presentation another Guest speaker Dr. Datta A. Dhale sir focused on the topic of Organic farming and its needs in conservation of nature. After the valuable speech of Dhale sir, Dr. Prashant Deshmukh another Guest speaker gave a lot of information regarding the Importance, conservation and management of Medicinal Plants in our India. After valuable Speech by Dr. Prashant Deshmukh sir, Dr. Kishor Theng focused on the topic of Solid waste management and zero waste from domestic use. Mr. Shivdas R. Aher conducted the program anchoring in virtual mode.

Valedictory Function held at 3 pm Miss. S N. Dhawale proposed a vote of thank
