A brief Report on

University Level One Day Workshop
On
“Research Methodology”

28th March – 2023

Introduction:

Research and development (R&D) include activities that companies undertake to innovate and introduce new products and services. It is often the first stage in the development process. The goal is typically to take new products and services to market and add to the company's bottom line. R&D represents the activities companies undertake to innovate and introduce new products and services or to improve their existing offerings. R&D allows a company to stay ahead of its competition. Companies in different sectors and industries conduct R&D-pharmaceuticals, semiconductors, and technology companies generally spend the most.

The main objective of workshop is to give the knowledge about the research and publication to the participants. So that output of workshop is to inspire participant and understand the importance of research and publish research paper in reputed international journals. Such as springer, Elsevier and taylor and francis, etc.

There were inputs from key speakers who provided insights into the aspects responsible for developing and enhancing quality research in education. The workshop was a key activity for the college that aims to empower learning, develops skills and support opportunities for all within the society. Feedback from the workshop was very positive, participants saw great value in working with updated innovative scholars from various colleges, the opportunity to network and to learn from one another and the chance to explore ideas. This report provides background of the workshop, information, objectives, a summary of the presentations and discussions for the next step.

Background:

The **Research Methodology** workshop was convened to bring together SGBA University Amravati & experts from the academic institutions & students to address important issues

which are responsible for the selection of proper component in research field. The convener of the Workshop Principal Dr. N. S. Thakare & Organizing secretary Dr. K. A. Koparkar took initiative to undertake this workshop. The initiative represents collective venture of the Workshop committee.

Objective:

The main objective of the workshop was to develop awareness and importance of Research in education. Also teachers are focused on the role of higher education of electronic institutions.
